1. INTRODUCTION

CBP is a form of participatory planning which has been designed to promote community action. CBP establishes a participatory process for mobilising communities and planning around grassroots issues and how they (issues) can relate to the broader municipal planning perspective. The CBP process is a forerunner to the IDP.

It captures what communities see as their desired outcomes and this helps speed up the implementation of the IDP. Ultimately the process will assist the Municipality to achieve its long term development framework's vision of having an improved quality of life for its citizens.

2. BACKGROUND

The plan was developed as per community engagements/consultations as follows:-

Date: 23 February 2017 Venue: Mbabhanani Hall

Approximately 450 people were in attendance, mostly by women, man and the elderly. The meeting was facilitated by the representative from the Municipality, Mr K.B Dlamini assisted by Mr. Z.E. Mpontshane
