VIREMENT POLICY

1. INTRODUCTION

- 1.1 “Virement” is defined as “a regulated transfer or re-allocation of money from one account to another, especially public funds.”
- 1.2 A virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year.
- 1.3 Changing circumstances and priorities during a financial period may give rise to a need to virement (transfer) funds within or between approved Votes, as defined in the Municipal Finance Management Act 56 of 2003 (MFMA). The treatment of such instances may, however, be dependent on whether an adjustments budget is required or not.
- 1.4 The objective of this policy is to secure sound and sustainable management of the budgeting and reporting practices of the municipality by establishing requirements for ensuring transparency, accountability and appropriate lines of responsibility in the budgeting and reporting relevant matters as required by the Act. This policy framework shall be read in the context of the provisions of the following Acts, Regulations and Administrative Guidelines
 - MFMA Circulars;
 - MFMA, Act 56 of 2003
 - Municipal Budget and Reporting Regulations, Government Gazette No. 32141 dated 17 April 2009

2. PURPOSE

- 2.1** To facilitate the implementation and maintenance of a budget policy in the Jozini Municipality and to assist in formalizing and standardizing processes and procedures to ensure the proper and adequate guidelines are instituted to regulate budgeting and validity of budget transactions.
- 2.2** The Chief Financial Officer has a statutory duty to ensure that adequate policies and procedures are in place to ensure an effective system of financial control. A municipality's virement policy and its underlying administrative process within the system of delegations is one of these controls.
- 2.3** **Section 81(1)(d) of the MFMA** states inter alia that "The chief financial officer of a municipality...must advise senior managers and other senior officials in the exercise of powers and duties assigned to them in terms of **section 78 or delegated to them in terms of section 79;...**"
- 2.4** It is the responsibility of each Director of each Department to which funds are allocated, to plan and conduct assigned operations so as not to expend more funds than budgeted and to ensure that funds are utilized effectively and efficiently.
- 2.5** **Section 78(1)(b)** of the MFMA states inter alia that "Each senior manager of a municipality and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure... (b) that the financial and other resources of the municipality are utilised effectively, efficiently, economically and transparently;..."
- 2.6** This policy aims to provide guidelines to senior management in the use of virements as a mechanism in their day-to-day management of their budgets.
- 2.7** In addition it specifically aims to empower senior managers with an efficient financial and budgetary system to ensure optimum service delivery within the current legislative framework of the MFMA and the municipality's system of delegations.
